STATE SCHOOLS
TURN OUT WELL
FOR CONVENTION

Practically Every Section of North Dakota Represented by Delegates in City

TEN SEPARATE SESSIONS
HELD DURING MORNING

Group Meetings at Various Points in City—Frazier Welcomes Educators to Capital

With hundreds of educators, representing practically every school district in the state, attending, the annual convention of the North Dakota Education association got under way at 9 o'clock this morning with ten group sessions held at various auditoriums scattered about the city. The first general session of the association was held at the municipal auditorium at 2 o'clock this afternoon, when Governor Lynn J. Frazier welcomed the educators on behalf of the state and Secretary George N. Keniston of the Bismarck Commercial club on behalf of the city, while President E. R. Edwards of Jamestown responded in his annual address, whose subject was "Educational Patriotism." A review of President Edwards' address appears elsewhere in today's Tribune.

A second general convention session will be held at 8 o'clock this evening, when a half-hour musical program will be offered by the Thursday Music club of Bismarck, and Walter Tripp of the Emerson school of oratory, Boston, Mass., will read from "David Copperfield."

Group sessions will continue throughout tomorrow and tomorrow evening. Dr. G. L. Strayer of Columbia university will address the association in general convention at the municipal auditorium. The annual business session of the convention will be held Friday morning at the municipal auditorium. A president, vice-president, secretary, treasurer and two members of the executive committee for the ensuing year will be named, and the place of the next meeting will be selected.

Minot and Grand Forks are contenders for this honor, and a lively rivalry has developed, with early indications in favor of the Magic City, which has not entertained the state educators for several years.

BISMARCK'S WELCOME

G. N. KENISTON, SECRETARY BISMARCK COMMERCIAL CLUB.

You are welcome! Of course you are welcome because you are here to what your minds on the stone of ripe experience. You shall determine if a school room shall be a treadmill, or a mountain top of vision. Indeed, you may determine whether the faculties of our children shall ever be aroused. It is yours to favor the cold morsels of fact with personality.

Your thirty-first annual meeting, however, shall not look for a keynote. Let it not be war, let it not be this war. Let it be loyalty to a world principle of democracy, and loyalty without reserve to old glory! Again I bid you welcome. We only regret that every teacher in the state is not with us."

McMullen for President. Lynn B. McMullen, vice president of the Valley City normal, and whose eight years' connection with that institution has given him a wide acquaintance with the teachers, appeared today as an active candidate for the presidency, to succeed E. R. Edwards of Jamestown, state high school inspector.

There is also a warm "Black and White" contest between R. M. Black, president of Ellendale normal, and A. White, superintendent of the Williston public schools, each of whom is an active candidate for the presidency of the organization.

Committee Continued. Prof. A. M. Minard of the agricultural college, chairman of a special committee named at Fargo last year to ascertain the condition of grammar

RESULT OF WAR
DEVELOPMENTS

New York, Oct. 31.—Prices broke violently this morning on the stock exchange. The entire list yielded to the growing pessimism caused by the foreign conditions, mainly the Italian situation. Yesterday's quarterly of the United States Steel corporation was also in adverse influence.

Standard industrial fell two to five points, the war group as a whole dropped two to four points, and rails were lowered by one to three points.

\$1,200 TO BE RAISED
TO ARM THE MEMBERS

Bismarck's home guard was organized last evening at the Commercial club and a drive will be made this week to raise \$1,200 for the purchase of arms and ammunition. After several preliminary meetings, the members last evening emerged with officers and a complete roster.

Drills will start at 7 p. m. next Tuesday evening in the armory. Strict military discipline will be enforced from the start, and when who are late will be fined, and stiff fines will be imposed for non-attendance.

The men are to purchase their own uniforms, but the guns and ammunition, which will be purchased by popular subscription.

BALTIMORE PIERS BURNED;
LOSS MORE THAN \$3,000,000
—BELIEVED FIRE INCENDIARY

Baltimore, Md. Oct. 31.—A disastrous fire which wrecked two of the finest of the Baltimore and Ohio Railroad terminal piers, at Locust point and spread to a British steamship that had just docked at one of the piers for loading, broke out last night, causing the probable loss of seven lives and a financial loss estimated at between \$3,000,000 and \$4,000,000 before it was subdued.

Five of the missing men were members of the crew of the steamship. Among them were two ship's officers and the chief gunner of the British naval crew aboard. Already the police in their investigation have arrested one man.

J. M. Davis, vice president of the Baltimore and Ohio railroad, said it was believed by the railroad officials that the blaze was of incendiary origin, as credible witnesses stated that they saw flames leap from piers 8 and 9, owned by the railroads, at five points simultaneously.

The steamer, which docked yesterday afternoon had on board eighty anti-submarine shells from a British port. These exploded when the ship took fire.

BOTH SIDES HAVE
REPORTED HEAVY LOSS

Bavarians on Flemish Line Fail to Check Onslaught of Canadians

British Front in Belgium, Oct. 31.—The forces of Crown Prince Rupprecht of Bavaria today suffered another stinging defeat when the British reached out across the sea of mud and wrenched away still more of the remaining few defenses of the enemy's Passchendaele system. It has been another proud day for Canada. Her troops this afternoon were sitting almost at the gates of Passchendaele and from their positions astride the Broodseinde-Passchendaele highway along the ridge they could see, only four hundred yards away, the great church which stands in the center of the village.

Battling Their Way. While the Canadians are battling their way forward here in the face of severe resistance from the Bavarians, comrades on their left are hammering their way along the Metchelie, or Bellevue spur, to points which seemed to have carried them well beyond the hamlet of Metchelie and the numerous machine gun defenses with which the elevation was covered. There was sanguinary fighting in both sections. German losses were heavy and the men from over the seas did not get their triumph without casualties.

Try to Cross River. Meanwhile British heavy troops on the left of the Canadians had undertaken the task of crossing the Faddenbeck river and the morasses in order to bring their line forward and protect the Canadian flank. The men from the British Isles knew that this must be done, and they did it. How they accomplished this drive through the clinging mud, probably, they themselves could not tell.

One heavy counter attack delivered by the Bavarians as early as eight o'clock from Masselmart against the Canadians was caught by artillery and machine gun fire and smashed. The gain on the Canadian front averaged between 300 and 1,000 yards along most of it.

GERMANS MUTINY.

Amsterdam, Oct. 31.—According to Les Nouvelles, a serious mutiny has occurred among German soldiers at the Beverloo camp in Belgium. The men, it is said, refused to go to the front and damaged their own rifles in some cases, while others fired on their officers, several of whom were wounded.

The mutineers were finally mastered and removed on cattle trucks. The frontier guard at Brouchoot, according to the same authority, deserted on October 15.

MERCHANT REPRESENTATIVE

Washington, D. C., Oct. 31.—The food administration today announced the appointment of Bennett Buchman, St. Paul, as state merchant representative for Minnesota.

ARREST HALL
AND WALLA ON
EMBEZZLEMENT

British Across a Sea of Mud in Flanders Deal a Stinging Blow

BOTH SIDES HAVE
REPORTED HEAVY LOSS

Bavarians on Flemish Line Fail to Check Onslaught of Canadians

Charged with the embezzlement of \$3,000 from the automobile registration funds of the state, Thomas Hall, secretary of state, and Eugene Walla, clerk in the automobile registration department of the secretary of state's office, were arraigned before Police Magistrate Bleckreid at midnight last night and held under bonds for preliminary examination November 3 and 7, respectively. Hall furnished bonds in the sum of \$2,500 and Walla gave bail for \$5,000.

Warrants were issued on information from the attorney general's office about 9 o'clock last night and were served by Sheriff French. It was near midnight by the time the defendants were arraigned in police court, where their pleas of not guilty were taken and bonds were fixed. Personal bondsmen were procured immediately, and the secretary of state and his assistant went home to resume their interrupted slumbers.

The charges grow out of an alleged shortage in the automobile registration funds of the state, said to have been discovered by State Treasurer J. K. Walters. Walla has been in charge of this department for several years, and for the last three years the amounts received by him in payment of automobile fees have ranged from \$100,000 to \$180,000.

Revealed by Examination. The alleged shortage was discovered a week ago today while W. R. Edwards, accountant for the state examiner's office, was checking up the registration department. Mr. Edwards had been engaged in the secretary of state's office for four days, and Walla, head of the registration department, undoubtedly knew that his books would come under scrutiny in a short time.

The books, the examiner's office reports, were found absolutely correct. No attempt had been made to cover up a shortage, and the irregularity consisted of the failure of the office to reveal in cash on hand an amount sufficient to make up the balance between the total shown by deposits in the state treasurer's office and the total.

State Not Short A Penny
Thomas Hall Declares in
Statement to Tribune

Mr. Thomas Hall, secretary of state, in a statement to The Tribune, gave this version of the affair.

"There is no money shortage in my office. There have been no falsifications of reports or records. There may have been slight technical violations of the law, but the state has not lost a penny either in money or property."

"When an examination was made this month, Mr. Walla was absent on a hunting trip and I did not know very much about the details of that department, so that a complete explanation could not be made to the examiner."

"I trust that the people of the state will suspend judgment for a time until this matter can be explained to the court."

Mr. Hall today wired his bondsmen, asking for a complete and immediate audit of his office.

"I have nothing to conceal. Records and books are open for inspection and a careful audit will thoroughly vindicate me of any charges."

VENETIA PLAINS
ARE OCCUPIED BY
TEUTONIC FORCES

General Cadrona Apparently Has Succeeded in Saving Bulk of His Army

MORE THAN 800 SQUARE
MILES ARE OCCUPIED

United States to Give Italians all Possible Aid Especially Food and Fuel

(By Associated Press.) German and Austro-Hungarian troops are driving through the plains of Venetia, toward the Tagliamento river, while another army is endeavoring to break through the Italian defenses in the Carnic Alps in an attempt to outflank the Tagliamento line. Udine, abandoned some days ago by General Cadorna, has been occupied by the invaders, whose advance guards are being harassed by Italian cavalry between Udine and the Tagliamento.

Saving Forces. General Cadorna apparently has succeeded in saving the bulk of the forces, which occupied positions south of Tolmino, as during the last two days, Berlin has made no claim of additional captures of large numbers of prisoners and guns. Udine is less than fifteen miles from the Tagliamento and if the Italian commander is to make a stand there, heavy fighting along that line should take place within a day or two at the latest.

Threatening Movement.

The German threatening movement in the Carnia region, has not developed greatly, and seemingly is not yet a serious menace to the Tagliamento line. Views of posts on the Italian side of the river, and on the Austrian border, and it is probably not unlikely that General Cadorna is preparing to draw in his lines there to better protect the line of the Tagliamento in the Ampezzo region. Berlin reports an advance toward the upper course of the Tagliamento, but does not say how near the German forces are.

Since last Wednesday, the Austro-Germans have occupied more than 2,800 square miles of territory formerly held by the Italians. The greatest depth of the advance has been from Tolmino southeastward to Udine.

To Give Aid.

The United States give Italy what aid it can in the form of money and immediate tonnage to transport needed munitions, food and fuel. French and British troops and guns probably are on their way in northern Italy. Internal conditions in Italy are improving. The Austro-German blow appears to have brought together the opposing politicians and the new cabinet of Premier Orlando has been announced. Italy's foreign policy will undergo no change, as Baron Sonnino will retain the portfolio of foreign affairs.

British Successful.

In Flanders, the British have been successful in minor operations north of the Yser. Canadian troops carried the bulk of fighting in actions near Jassendael and Poesdappelle with the object of straightening out the British line. Emperor William has placed at the head of his government Count von Hertling, premier of Bavaria, and former leader of the Catholic Center, a strong opponent of parliamentary and franchise reform. Whether he will be acceptable to all the reichstag parties is not indicated. The reichstag does not meet again until early in December. Copenhagen dispatches indicate, however, that he will hardly be welcomed by the socialists and pan-Germans.

HILL ENGAGEMENTS.

Rome, Oct. 31.—There were various hill and canal engagements between the Italians and the invading Austro-German troops yesterday, says the war office announcement today. The Italians covering units and cavalry permitted the other troops to continue to move towards their new line.

LOSSES STENCE ASSURED.

Berlin, Oct. 31.—Speaking today to a congress of workmen, Herr Braun, under-secretary of the German food department, said the delegates that the subsistence of Germany had been assured for the winter of the war. The German potato crop, he said, was between 4,000,000 and 4,500,000 tons above the average, and the corn supply for the winter already had been secured.

RAILROADS WANT
RATE INCREASED

St. Paul, Minn., Oct. 31.—Transcontinental railroads centering in St. Paul are to ask for an increase in rates, it was learned here today by railroad officials. E. A. Kenny, vice president of the Great Northern in charge of traffic, said the roads "must have relief. They face the same situation that prevails in all business these days," he added, "rapidly increasing cost of labor and materials."

TORPEDOED STEAMER BAGS SUBMARINE

An Atlantic Port, Oct. 31.—Three hours before the American steamship Lewis Luckenbach was torpedoed and sunk by an unseen submarine on Oct. 11, naval gunners aboard the vessel planted a shot between the twin periscopes of an enemy submarine, and sent her to the bottom, according to an officer of the vessel.

The officer who arrived here today expressed surprise that the fact had not become known in the United States, and declared that American naval officers on the other side knew of the incident and conceded the sinking of the undersea boat. The Luckenbach, a steel screw vessel of 3,995 tons, was sunk while bound for Havre with a general cargo.

GIVEN UP AS LOST.

Washington, Oct. 31.—J. E. McNeil of Plainville, Mass., who was a member of the armed guard, seven members of the crew, and a French pilot, all of whom were reported missing when the American steamer Lewis Luckenbach was sunk Oct. 11, have been given up as lost.

ARREST HALL AND WALLA ON EMBEZZLEMENT

(Continued from Page One)

tal receipts indicated by Walla's record of automobile license tag sales.

Reported to Hall.

When Edwards' report was made to the state examiner's office, Secretary of State Hall was advised of the apparent shortage in the registration department. Mr. Hall replied that he would not be in a position to investigate the matter until Walla, who at that time was hunting, had returned. Walla returned Monday. In the meantime someone about the capitol had "leaked" a report reached the treasurer's office, and State Treasurer John Steen called on the attorney general for an explanation.

The safe in the automobile registration department was sealed Monday noon by State Examiner Waters. Monday evening the safe was opened in the presence of Assistant Attorney General Dan V. Brennan and others, and was found to contain about \$100 in checks and some \$59 in currency. Walla at the same time produced from a drawer in his desk \$2,800, which he asserted belonged with the automobile registration funds, but the state examiner declined to accept it, and a shortage of about that amount was noted.

Claim Fund Was Raised.

No denial is made by those interested in the prosecution of this case in the courts that the money was in the office when the safe was opened and the records and moneys therein contained were seized. But it is claimed that the fact of the \$2,800 not having been in the safe but, in currency, in Walla's desk, is proof of irregularity. The prosecution also claims to have evidence that the money was borrowed within the last few days and that it was not on hand when the alleged shortage was discovered.

Misdemeanor at Most.

Some years ago funds derived from the sale of automobile licenses were deposited in local banks and an accounting was made monthly. Following the discovery of a shortage of about \$1,200 in the accounts of A. N. Wold, then registration clerk, in August, 1914, the legislature decreed that receipts should be deposited daily with the state treasurer, and declared failure to do so a misdemeanor.

The accumulation of automobile license funds in the secretary of state's office under this provision would constitute a misdemeanor, though technically it might be impossible to prove any intention or desire to misappropriate. It is admitted by all con-

cerned that no intent to misappropriate or embezzle is indicated by the books of this department, which are stated by the examiner to be regular in every particular and to account for every penny received from the sale of license tags.

Counsel Retained.

E. M. Walla was not on duty at the secretary of state's office today, although no order has been issued, so far as could be learned, for his suspension. He has retained former Associate Justice E. T. Burke as his counsel. Secretary of State Hall was on the job as usual this morning and served in his official capacity on the state banking board when it met this forenoon.

The affair, although some of the details have been matters of more or less general knowledge for a week at the state house, caused somewhat of a sensation this morning, as the arrest of Hall and Walla had not been anticipated.

dren under 12, at the regular rate, which also is extended to cabarets or other entertainment in which the admission is included in the price paid for refreshment, merchandise or service. Persons leasing theatre boxes must pay ten per cent on their rental.

New Rates on Cigars.

The new rates on cigars range from 25 cents to \$7 per thousand and on cigarettes from 30 cents to \$1.20 per thousand. Five cents a pound is the new tax on tobacco, snuff and other manufactured tobacco, while cigarette papers are taxed from 1-2 cent to

cent per hundred. As the taxes are now reaching the ultimate consumer, the raises mean about 1 cent more on five cent tobacco packages, from 2 to 3 cents on cigarette packages and from 1 to 10 cents on cigars.

The taxes on freight and passenger transportation are also extended to motor vehicle competitors of steam and electric railways and water lines. The passenger transportation tax is not applicable to fares costing 35 cents or less of commutation or season tickets for trips less than thirty miles. Payments for services rendered by the federal and state governments are exempt from taxation.

The ten per cent tax on Pullman accommodations is applicable to payments for seats, berths, and staterooms in parlor and sleeping cars, or on vessels.

The 3-cent tax on telegraph, telephone or radio messages costing 10 cents or more applies only to those originating in the United States. Clubs whose dues are less than \$12 a year and fees to lodges are exempt from the 10 per cent tax on club dues.

The new insurance taxes are imposed on new policies issued, with reinsurance policies exempted. Industrial or weekly-payment policies are taxed forty per cent on the first premium on policies for \$500 or less.

TEACHERS

HUNT wherever you wish you'll not find better suit and overcoat values than shown here. Military touches is the popular idea this fall. There's an easy drape in the designs, combined with military smartness in pockets, belts, and plaits.

We mention TEACHERS especially in this advertisement because they are, of all professional men, most keen to have the best for their money. They appreciate value, courtesy and service.

When you come in to see our clothing, ask to see a NETTLETON or WALK-OVER SHOE. You will also find here a striking exhibit of haberdashery; different ideas in shirts, hats, gloves, neckwear and everything chosen to give you satisfaction in style, quality and value. You'll be delighted with this service, there's none better.

Catarrah For Ten Years--- Peruna Made Me Well

Mr. Charles S. Many, No. 12 Water St., Ossining, N. Y., writes: "I had catarrah for ten years, and tried a great many kinds of medicines, which cost me a lot of money, but did me no good. Instead of getting better, I seemed to get worse. My eyes were bloodshot, my nose smelled so bad that I was ashamed to go in company. I was night guard at the prison, and I would get so dizzy that I would have to catch hold of something to keep from falling. I read about Peruna in the New York World, and thought I would give it a trial. I used about ten bottles, and I am cured of catarrah, and the dizzy feeling has left me and I am not bothered with it any more. I keep Peruna in the house, and when I feel a cold coming on I take a little bit of it and it does me good."

Notice to Agents and Policy Holders of National Union Fire Insurance Co. of Pittsburg, Pa.

We wish to call the attention of crop loss policy holders throughout the state to the following facts concerning the National Union Fire Insurance Company of Pittsburg, Pa.:

There are two companies that have written a large number of crop loss policies in the state, the Bankers Insurance Company of Helena, Montana, and the National Union Fire Insurance Company of Pittsburg, Pa. Care should be taken to distinguish between these two companies. The Bankers Insurance Company of Helena, now in poor shape financially, but the National Union Fire Insurance Company of Pittsburg is financially responsible and able to pay all just claims for crop losses in the state. We wish to make it clear that the adjustment of losses under these crop loss policies, as under other insurance policies, is a matter entirely between the insuring company and the policy holder, to be settled in each case according to the individual merits of the same. Policy holders should proceed to make adjustments with representatives of the National Union Fire Insurance Company of Pittsburg, Pa., as with any other insurance concern. If it is impossible to agree upon a settlement, policy holders have the right to institute civil suits and litigate the question of the company's liability in court. With these matters the Insurance Department and the Attorney General's office cannot interfere.

We are interested and we will interfere whenever it appears that unfair methods are employed to bring about settlements, and when policy holders are induced to settle by any mis-statements of facts. Complaints have been made that the following misrepresentations have been employed by adjusters of the National Union Fire Insurance Company in different parts of the state: First, that the National Union Fire Insurance Company of Pittsburg is financially unable to pay its losses; Second, that its only offer of settlement is the return of premiums without payment of loss and that this offer is approved by the Insurance Commissioner of the state; Third, that the company is denying liability for all losses throughout the western part of the state; Fourth, that adjusters are using threats of criminal prosecutions against policy holders to induce settlements. In connection with these matters we repeat that this company is solvent, that it must settle each claim according to its merits; that it has no right to make a wholesale denial of liability in western North Dakota, or any other section, and that threats of criminal prosecution against policy holders for alleged misrepresentations as to the condition of their crops amount to attempted extortion and are illegal.

We are anxious to receive reliable and specific reports of instances of this kind with names, dates and circumstances where improper methods have been used to bring about settlements and we will take prompt action to prosecute those responsible for the same. In the meantime policy holders should settle their claims amicably, if possible, or by going to court if necessary, and with full knowledge that the National Union Fire Insurance Company of Pittsburg is responsible and can pay all just losses in the state.

S. A. OLSNESS,
Commissioner of Insurance.
WILLIAM LANGER,
Attorney General.

LEAGUE PLANS COOPERATIVE LIGNITE MINES

Patrick M. Casey of Equity Packing Plant Proposes Method of Solving Problem

HOWARD R. WOOD WOULD HAVE STATE DIG COAL

The organization and operation of North Dakota's undeveloped lignite resources as a means of relieving the threatened fuel shortage in this and neighboring states and with a view to absolutely controlling the price of lignite is a dream which is incubating in the brain of Patrick M. Casey of Union general manager of the Equity Co-operative packing plant at Fargo, and Speaker Howard R. Wood, state manager of the Nonpartisan league.

Casey and Wood were here yesterday in conference with the governor and other league members of the administration. Neither was very communicative as to the object of their visit, but Mr. Casey administered that a solution of the fuel problem was one of the principal considerations.

Wood Mine State Coal.

"To my mind it is a crime that the state with tens of millions of tons of coal in its public lands, is prevented by the constitution from mining its own coal," said Howard Wood, who referred regretfully to the league's effort to pass a new state constitution at the last session of legislature. This proposed constitution, which made the sky the limit so far as the amount of public funds which the state might invest in any private enterprise would, Speaker Wood believes, have permitted the state to step in, mine its own vast fuel deposits, and hammer down the price of coal to a point where everyone could burn all the lignite they pleased.

At noon Mr. Casey left for Richardson and other western points, presumably to look into the lignite situation. No definite developments are anticipated immediately, but it is admitted there is something in the wind.

VALLEY CITY FILM

Preceding tomorrow afternoon's session at the Auditorium, beginning at 1:30 o'clock, will be shown the great photoplay of the silver anniversary celebration staged at Valley City normal June 19 to celebrate President McFarland's twentieth year of service. The film shows all the events of the big day, concluding with the memorable pageant on Normal hill in the evening.

MUST GET BADGES

Officers wish to call N. D. E. A. members' attention to the importance of procuring badges, as they will be used as the means of identifying members at the general sessions at the Auditorium this evening and tomorrow evening, when a fee of 50 cents will be charged non-members. The annual membership fee is but one dollar, and all who desire may become members of the association for the same money they would expend in attending the two sessions.

At 8 o'clock this afternoon 675 delegates had registered.

Has Historic Paper—E. E. Morris, city assessor, is in receipt of a copy of the Augusta Eagle, published in his old home in Wisconsin, giving the draft service list of men of military age prepared by his father, the late C. W. Morris, a Wisconsin pioneer, August 18, 1862. The list contains the names of all males of 15 to 45, and there is a considerable percentage of men past the age of 40. C. W. Morris, who compiled the list, himself appears thereon, though he was 44 years old at the time, and this was in the early part of the second year of the war. Among the voluntary enlistments reported by the elder Morris are those of a number of men of mature years whose ages range as high as 45.

MINOT, WOMAN HEADS ENGLISH SECTION OF N. D. E. A. FOR YEAR

First Election of Association Groups Held This Morning - Luncheon at High

The first group of the North Dakota Educational Association, which met Wednesday morning at the High school, resulted in the election of the following executive committee for the year: President, Miss Hilda Taylor, Minot; Vice President, Miss Hilda Taylor, Minot; Secretary, Miss Hilda Taylor, Minot; Treasurer, Miss Hilda Taylor, Minot; and a number of other officers.

At noon the English section was entertained at lunch at the High school, and the program of the day of the Bismarck school. About 100 enjoyed the luncheon, which was followed by a class play presented by high school girls. Supt. Martin and Misses Hinchey, Moore and Larson were highly complimented on the success of the entertainment.

The English section opened its sessions with G. L. Paine of Mayville, retiring president, in the chair, and Miss Hilda Taylor acting as secretary. Miss Julia McDonough of Minot, Normal presented a stimulating paper on "An Essential in the Teaching of English," and Miss Susan Matney of Valley City offered many helpful suggestions in her paper on "Every Day Problems in English."

400 ADVANCE MEMBERS SIGNED BY SECRETARY PARSON FOR N. D. E. A.

Four hundred advance memberships are reported by Secretary W. Z. Parsons, and the outlook is for one of the best sessions ever held by the association. Supt. J. Maurice Martin, chairman of the local committee, has opened an information bureau and registration booth in the Grand Pacific lobby. Mrs. Martin will be in charge of information details, and Principal C. F. Bolt of the high school of registration. Stamps, maps of the city, directories, telephone service and other conveniences will be offered.

Minot Wants Next.

Minot is coming down with unusual strength, prepared to wage an active campaign for the 1918 convention of the association. Grand Forks, which will also be a contender, is predicted. Minot has not had a session of the association for several years, and the northwestern part of the state is supporting its claims. Minot will draw much strength from the Stone, also, while the Red River Valley is expected to line up with Grand Forks.

Another interesting contest may be expected in the election of a president. Miss Minnie J. Nelson of Valley City, who was defeated last year by E. R. Edwards of Jamestown, may be a candidate again. Directors are to be elected to succeed Miss Johnson of Grand Forks and J. Nelson Kelly of Grand Forks.

Open evenings until further notice. S. E. BERGESON & SON.

Cadman and Princess Scores Big Success in Fargo; Will Be Here Friday

Charles Wakefield Cadman and Princess Tsarina scored a big hit before a large and cultured audience in Fargo Monday evening. Press notices in the Gate City papers were most flattering for the composer and his assisting artist. So well were they received that a children's matinee was arranged for this afternoon. In writing of the Fargo concert, Mrs. Cushing said that "she had never given anything that brought out the interest and applause that this attraction did. The children, Mrs. Cushing stated, were charmed with the young Indian princess, and from their enthusiasm the matinee was arranged. A number of interesting social affairs have been given by the Fargo clubs for these noted artists.

The coming of Cadman and Princess Tsarina to the Capital City Friday evening in concert at the Auditorium will not only give Bismarck and Mandan people an opportunity to hear them, but the teachers from all over the state who are assembled here for the annual meeting of the N. D. E. A. Not only will the Missouri Slope folk be entertained by artists who stand in the front line of American folk music, but they will have the opportunity of hearing and seeing one of the most successful American composers of the day. Cadman has made wonderful strides as a composer since taking up the work. Possibly the greatest honor rendered him was the acceptance of his Indian opera "Shanewis" by the

Metropolitan Grand Opera company of New York city, the greatest musical organization in the world. Critics and artists proclaim his piano sonata, a major sonata on Joaquín Miller's "From Sea to Sea" to be a distinctive contribution to American piano literature.

There is always more or less curiosity concerning the personality of an artist, and it has often been asked, what Cadman looks like in the first place let it be understood that he is not an Indian, nor does he have one bit of aboriginal blood in his veins. The composed is typically American in every sense of the word. According to feminine newspaper interviewers the composer does not belong to that circle of artists who are "handsome and dreamy-eyed." The Detroit Journal once said: "In appearance Cadman is neither homely nor good looking. His dress suit fits him with neither artistic precision nor slouchiness. He might be mistaken for a bank clerk. A little shock of coal black hair hangs over his forehead. He is abashed with enthusiasm when he is asked to play. He is of rather slight physique, but wiry looking and a bundle of nervous energy at all times. In short, he resembles the well known type of enthusiastic young American." This is a fair picture of Cadman, author of "The Land of the Sky Blue Water" and "At Dawning," and student exponent of American Indian folk songs.

University and Normal Reunions During the N. D. E. A. Meeting

The University of North Dakota and Normals of the state are holding reunions during the meeting here of the N. D. E. A. The Minot normal school has arranged a reunion luncheon for Thursday noon at the Grand Pacific hotel. Elaborate plans are being made for this annual event and it is expected that many of the instructors of the normal will take this opportunity of meeting many of the former students and members of the alumni. Miss McDonough of the English department and Miss Bryson of the home economics department of the school are in charge of the arrangements. Among those who will attend are Dr. Steele, acting president, Miss Jessie Johnson, formerly of the Bismarck high school faculty but now of the science department of the school, Mrs. Amy Simpson of the music department and Mr. Clark. Hon. J. M. Devine of the state reform school of Mandan, and a former member of the board of trustees, will be toastmaster, and Lewis S. Crawford of the board of regents is expected to be one of the principal speakers. Numerous talks have been arranged. The luncheon will be served at 12:30 and those not already listed as possible guests should leave names at the information bureau in the Grand Pacific before the time for the luncheon.

The English section was entertained at luncheon this afternoon in the domestic science room of the high school by the instructor and pupils. A pleasing entertainment was furnished by the junior masque of the high school, who presented a playlet.

Nurses Masquerade.
The masquerade party given last evening by the nurses of St. Alexius in the Knights of Columbus hall was one of the most enjoyable events of the Halloween season. Many novel costumes were worn by the guests.

Auxiliary Meeting.
A meeting of the Women's Auxiliary to Company A has been called for Saturday afternoon at 3 o'clock in the Commercial club room. All members are asked to attend, as plans for Christmas gifts to the soldiers will be discussed.

Miss Nell Snyder entertained a number of her friends at a Halloween party Tuesday evening at her home on Washington avenue. Twenty-five guests attended and the evening was spent in various games in keeping with the Halloween season.

Dinner for Mother.
Miss Hattie Stroggins entertained at dinner last evening in the home of her parents, Mr. and Mrs. Fred Stroggins of Seventh street, in honor of the birthday anniversary of her mother.

Halloween Party.
Mrs. Harry Thompson, Mrs. Emanuel Brown and Mrs. E. Lambert entertained at a Halloween party Tuesday evening in the home of the latter. The latter home was artistically appointed in decorations in keeping with the season, and what was the amusement. Ten tables were in play for the game and the honor was awarded to Mrs. Bork.

Church Society Notes.
The Ladies' Aid of the Presbyterian church will hold its monthly work meeting tomorrow afternoon. Mrs. Wallace, Mrs. G. R. Squires and Miss Nell will be in charge. Plans will be completed for the serving of the dinner to the Valley City alumni.

St. George's guild of St. George's Episcopal church will meet tomorrow afternoon at the Red Cross headquarters to knit and sew on articles.

Christmas Packets for Sammies.
One hundred Christmas packets were received at the local Red Cross headquarters and will be shipped tomorrow to Fargo as gifts to the American soldiers now stationed there. Three hundred packets are expected to be donated by the capital city people as their share of gifts for the soldiers at the various camps. The United States Bismarck branch is giving liberally to this cause, and the Red Cross chapter is being assisted by the various organizations of the city as well as individuals.

Guest Day Observed.
The Mothers' social club was entertained Tuesday evening by the president, Mrs. Robert Burton, at her home on First street, the occasion being the annual guest day of the club. Halloween appointments were used and the program was made up in keeping with the season. Mrs. W. E. Parsons contributed two readings, "The Delusion of Ghosts" and "Orphaned Annie." Mrs. Burton, two piano numbers; Mrs. H. H. Steele two songs, and Mrs. Jacobson and Mrs. J. W. Bliss also contributed numbers. Knitting for the Red Cross was done and refreshments were served.

High School Party.
Many novel stunts were pulled off last evening at the annual high school party when 25 students and members of the faculty assembled in the gym to celebrate Halloween. The program committee displayed the happy faculty of giving their guests something quite out of the ordinary. Among the stunts presented was the ball dance by Leslie Harrison, who gave a takeoff on the interpretative dance to the musical settings of "Somewhere a Voice is Calling." Evelyn Schultz sang the number and Alice Webb was at the piano. Robert George took his out on Shakepeare, giving a short playlet, and Hugh Spangler, president of the senior class, interpreted "Homage to the King." Halloween games were played and refreshments served.

Weddings of the Week.
Weddings of the week in the capital city are: Miss Walborg Lundell and Harry Malm, both of Lumberton, were married in the parsonage of the Swedish Lutheran church Tuesday at 10 o'clock a. m., with Rev. E. E. Alfson officiating. They were attended by Richard A. Lundell and Miss Alice E. Malm of Malm, sister of the groom. In the parsonage of the First Baptist church Tuesday afternoon at 4 o'clock William Mahland and Miss Mary Hoffa, both of Bismarck, were married by Rev. J. R. Call. They will reside north of this city.

Rev. G. B. Newcomb officiated at the marriage of Joseph Nicholson and Miss Carrie Hochhalter, both of Bismarck, which was solemnized in the women's home Tuesday afternoon at 4 o'clock.

For Small Daughter.
Mrs. C. B. Nupen entertained at a prettily appointed children's party during the week end at her home on Avenue B, in honor of the ninth birthday anniversary of her daughter, Miss Velma. Halloween appointments were used and children's games formed the amusement. Fourteen guests attended and little Miss Velma received many beautiful gifts. The luncheon table was centered with a large birthday cake ornamented with nine yellow tapers. Mrs. Nupen was assisted by Mrs. McIntyre.

Musical Club Meets.
The Senior Students Musical club met Tuesday evening in the home of Mrs. J. M. Harrison of Thayer. The club decided to change the name of the organization to Ciel club. Miss

By a careful study of the above prices you can readily see how great the saving is for you to trade with us on the cash basis. These prices of course will fluctuate a little at times today, we know what the wholesale price is, but tomorrow's market may advance a little or it may recede; however, at all times we shall quote you the very best prices possible. In the meat department it is next to impossible to quote you any where near, or even approximate the tomorrow's price. Here we can only give you the prices one day in advance—although we shall hew as close as we can and you may rest assured your meat will be good and as low in price as it is possible to make them.

Mrs. Thomas Hollingsworth and Andrew Friction were the attendants and the ceremony was witnessed by a party of 15 guests. They will reside in Logan.

Farwell Reception.
Mr. and Mrs. Conrad B. Taylor were tendered a farwell reception last evening by members of the McCabe Methodist Episcopal church in the church auditorium. The hours were from 8 o'clock to 10:30, and the guests numbered nearly 100, including a number of their friends outside of the church. The guests were received by the official board, headed by Dr. W. J. Hutcheson, the pastor. The affair also took the form of a reception for Rev. and Mrs. C. L. Vermyla, the former the new superintendent for the Bismarck district, and their four children. Dr. Hutcheson extended the welcome to the new guests. And their friends and Rev. Vermyla responded. In behalf of the congregation G. B. Waite presented Mr. and Mrs. Taylor with a handsome four-piece silver set. The presentation speech was responded to by Mr. Taylor, who expressed his gratitude for the consideration. Clusters of yellow chrysanthemums were used in the

appointments, and a musical program was presented by Mrs. J. A. Larson, winter. Miss Mead, Miss Gertrude Hoffman, George Humphreys and Mr. Marquis. Miss Janet Fogarty gave a reading. As a food conservation no refreshments were served. Mr. and Mrs. Taylor, who leave next Tuesday to travel in Chicago, have made many friends here since coming to the capital city three years ago, and have taken an active part in the musical circles of the city.

PERSONAL NOTES
Mr. and Mrs. Melvin Hertz and family, moved Tuesday to Fargo, where they will make their home.
Mrs. E. M. Thompson and baby have returned to their home on Third street, from the Bismarck hospital.
Mrs. G. A. Eichen of Jamestown, mother of Dr. E. M. Eichen, is expected to arrive in the city Saturday to join her husband.
Miss Humphreys of Philadelpha is expected to arrive in the city Saturday to join her husband.
The city is expected to receive a party of 15 guests from the Bismarck hospital.

LIBERTY LOAN TOTAL BOOSTED TO \$285,000

Wilton Subscribes for \$24,150, One of the Best Records in State

Liberty loan subscriptions still continue to come in. The grand total for Burleigh county is now \$285,000. Wilton increased its Burleigh county portion to \$6,500, but the entire city raised \$24,150, most of which was credited to McLean county. Baldwin has subscribed \$6,500, with an appropriation of \$5,000.

In the Baldwin list the following names were omitted from the honor roll: Hans Christianson and Martin Burgois. In the Bismarck list the name of Mrs. Harriet Van Horn did not appear.

known citizens of the north end of the county, visited Bismarck yesterday.

Licensed to Wed.—Hubert Montgomery McDaniel of Arena and Merle Max Malone of Regan, members of prominent north-end families, were licensed to wed by County Judge Bradley yesterday.

Called into Service.—Recruiting Officer Browley, who served the high school as coach during the time he was stationed here, has been called into active service, and the duties of athletic director have fallen on the shoulders of Principal Bolt.

Hoosiers Here.—Oliver G. Soice of Plymouth, Ind., banker, and D. A. Snyder, a well known South Bend, Ind., capitalist, are in the city calling on the Marshall county Hoosier settlement here while en route home from Parshall and other reservation points, where they have attended to the harvesting of flax from large leases.

Pay or Lose Land.—“Holders of school land contracts on which payments are overdue are being notified that unless they pay up before December 1 their contracts will be cancelled,” announced State Auditor Kostitzky today. “The law provides for cancellation if one payment becomes delinquent. In many instances two payments, extending over a period of ten years or more, are overdue. The contracts call for one-fifth of the purchase price down and a fifth every five years until the full amount is paid.”

FREE TO ASTHMA SUFFERERS

A New Home Cure That Anyone Can Use Without Discomfort or Loss of Time.

We have a New Method that cures Asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as occasional or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumes, “patent smokes,” etc., have failed. We want to show everyone at our own expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms at once and for all time.

This free offer is too important to neglect a single day. Write now and then begin the method at once. Send no money. Simply mail coupon below. Do it today.

Pheips on New Job.—Robert Pheips, for the last 3½ years with the Dahl clothing house, where he won a large circle of friends, has been made office deputy by Sheriff J. P. French, succeeding William Lowth who has returned to farming, in the vicinity of Britton. Deputy Pheips is strictly on the job and is making good.

Senator Ployhar Here.—Senator Frank E. Ployhar of Valley City, head of the Bismarck Gas & Coke Co., was in yesterday looking after business matters. The senator is inclined to coast about what Barnes county did with the liberty loan, and his pride seems justified after he explains some of the records that were made.

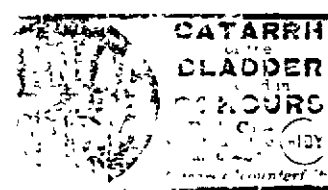

New Covers Coming.—The city has contracted for new manhole covers to replace the present round tops, which take a spin every time an automobile or wagon wheel strikes them, often leaving a dangerous hole uncovered in the center of the pavement. The new covers are flat and will not turn over, and the foundry is accepting the old covers in part payment.

A MUSICAL TREAT.—“When Dreams Come True,” described as a musical play of youth, comes to the Auditorium Saturday, Nov. 3, fresh from successful engagements in New York, Chicago, Boston

and Philadelphia, in which four cities it played for one entire year. It has been the plaint of dramatic reviewers for ages that certain plays would not be accepted by the public on account of the salaciousness of their plots. But it remained for a Chicago critic to decry the story of “When Dreams Come True,” because it was too clean

in theme and action. That the great majority of theater goers do not want prudency on the stage is ably evidenced by the success that has greeted “When Dreams Come True.”

KOLE TO BE CASH

NOVEMBER 1st. IS THE DATE

We are going to HIT in the HIGH in the High Cost of Heating by reducing the price on our coal to a Strictly Cash Base.

Monarch Coal \$8.00 per ton
DELIVERED
Those Big Shiny Lumps

IN view of the existing strenuous times, the uncertainty of the future and advancing cost of doing business, we feel that the continuation of our present policy of selling Coal—Monarch Coal—on credit is no longer just but is an injustice to our customers as well as to ourselves.

Our terms have always been cash and such accounts as we did keep for Coal were for the convenience of our customers, expecting to get our money on the first of each month.

Coal should be sold for cash only. Paying for a pile of ashes is like paying for a dead horse.

We have given this matter are most careful study and deliberation and feel that we must change our policy on the sale of coal. Therefore, on and after November 1st. Coal will be sold for cash only. STRICTLY CASH WITH ORDERS OR CASH ON DELIVERY. We will make no more charge accounts for Coal this Winter. We believe this is the best for all concerned.

Our Monarch Coal will be reduced in price to a flat rate of \$8.00 per ton on all orders of 1500 lbs. or more delivered, orders for less than 1500 lbs. at the rate of \$8.50 per ton, and less than 500 lbs. at the rate of \$9.00.

We feel confident that our customers will appreciate the situation and will stand ready to uphold us in our new policy.

We want to assure each and every one that our best efforts in the future will be for good clean Coal, combined with the lowest possible price.

Yours very truly,

C. A. Finch Lumber Company

TIMELY SUGGESTIONS FOR HALLOWEEN FEATS

By BIDDY BYE.

The last night of October is a holiday dear to the heart of youth. Other holidays are attended with much grown-up pomp and ceremony which is apt to include speechmaking and good clothes, and company manners, and all that but Halloween!—ah!—Halloween is different. It is gay, mysterious, grotesque, unconventional, hilarious—dedicated by staid old custom to young life, liberty and the pursuit—and capture—of happiness!

In the beginning Halloween had a semi-religious significance.

On October 31 the Druid priests who worshipped the Sun God by keeping eternal fires burning upon great stone altars, put on their white robes and gathered about their altars, the people standing near. At a signal the altar fires were extinguished, symbolic of the completion year of the crops.

As Christianity overcame the pagan faith the festival lost its first significance.

Folk came to believe that October 31 was a time especially propitious for the interference of fairies and spirits in human affairs.

The joyous Halloween pranks of demons, witches and gnomes are embodied in every variety of classic art. The most modern art form of buffoonery is the witch and demon ballet as produced by Pavlova. Typical groupings posed by Pavlova's company are printed today.

Halloween parties are particularly suited to the informal frolic, where the mystical creatures of darkness can be consulted as to the future, particularly the matrimonial future of lads and lassies.

Halloween fun is not complete without the magical Halloween apple the parings of which, if thrown over the left shoulder as the clock strikes the hour of 12, will form the initial of the future bride or groom of the person most interested.

The hostess will plan a full evening of games and contests, reserving the services of a good fortune teller

for late in the evening and serving supper between 11 and midnight—with a good spook to enter, just as the clock chimes midnight—to predict in a nonsense rhyme—great matrimonial luck for all present.

DEMOCRACY OF FUTURE RESTS WITH SCHOOLS

Educational Patriotism Demand of the Times Declares Association President

E. R. EDWARDS, State High School Inspector; President State Association.

AMERICA MUST NOT MAKE MISTAKE OF OLD WORLD

Nations Undermined by Neglecting Privileges of Coming Generations

"In a time when the world is rent asunder with war, when no one can predict what a day will bring forth, when selfish interests are making sporadic efforts, somewhat successful, to realize narrow and selfish ends, when unrest and apprehension are general the world over, when there is a strong tendency to lose faith in our fellow men, when under the stress of increasing demands and increasing effort and sacrifice, the human mind is prone to temporize and disregard fundamental things, feeling that present conditions are temporary and that satisfactory adjustments can be made later, it certainly behooves all who are engaged in educational work, all who are interested in children and young people, all who love young life and have faith in it, to do

the most sober-minded thinking they ever did and to unite firmly on the one principle that our schools must not be suffered to decline or deteriorate on account of the conditions confronting us as a nation," said State High School Inspector E. R. Edwards of Jamestown in his annual address as president of the North Dakota Educational Association at the Auditorium this afternoon.

Mr. Edwards' subject was "Educational Patriotism," his address following a welcome on behalf of the state by Governor Frazier and for the city of Bismarck by G. N. Keniston, secretary of the Commercial club.

Experience of Old World.
"America must not repeat the experience of the nations of the old world which stripped their colleges and universities of young men and their elementary schools of boys and girls under the early stress of the war," said President Edwards. "The school systems of France and England are all but ruined. The most efficient school systems on earth, of which Germany boasted, is nothing but a wreck. England has just now passed the largest common school budget in the history of the nation and has enacted the most stringent compulsory attendance laws she ever had and is enforcing them. England and France are looking to America today to supply them with trained men in all lines to make up their losses. A little later—very soon we all hope—we will be called upon to furnish not only the money but the brains to rehabilitate the rest of Europe. Will we be prepared to do so? Certainly

not, if we allow our own schools to deteriorate and the educational enthusiasm of America to wane.

Schools First to Suffer.
When taxes get high when costs mount up, when anything unusual transpires, the schools are the first to be attacked and to be neglected. Witness how some leading daily newspapers have been calling attention to the fact that it was a mistake in our conscription law to fix the minimum age limit at 21 instead of 18 or 19. I am thankful it was fixed at 21, the age when a boy becomes a man, legally. It is not yet necessary to rob our schools to obtain soldiers, and it should not be for a long time.

Sinister Influences.
"If anyone doubts that sinister influences are at work to attract attention away from our schools and to undermine them through neglect during the war, just recall that every public school building in New York city has been measured for army hospital purposes; just recall that the manufacturers who have under the protection of law been employing little boys and girls recently went into the courts and newspapers to get the federal child labor law suspended during the period of the war, and that in at least one state a federal judge was found who rendered a decision which will make it ineffective in that district until passed upon by the higher courts. Recall, also, how the passage of this law was fought in congress. But we can be thankful that it did pass and that it now is in effect, liberating 150,000 children of tender age from manual and intellectual slavery."

Stress of War.
"The stress of war will give these enemies of children's rights—these craven wretches who think more highly of a dollar than of a child—the powerful few who are money and profit mad—an opportunity to curtail expenditures for education and to make more children the slaves of ignorance and thus undermine our citizenship."

What Will Win War.
"This greatest and most altruistic war ever fought thrusts upon us the absolute necessity of safeguarding ideas and furnishing ideals as well as accoutrements of war. Aeroplanes, battleships, armies, huge expenditures of money cannot make the world safe for democracy. Democracy is a system of ideas, a body of ideals, an attitude of mind. Its sanctuary must be an institution, social, political, educational, devoted to the fullest conservation and preservation of this attitude and these ideals. Such an institution is, and must continue to be, the American public school system providing fully for the complete training of children and young people from the kindergarten through the university and technical schools."

Fighting for Ideals.
"Thousands and thousands of America's noblest young men are now on their way to fight for these ideals and thousands more are preparing to go. They are the sons of rich and poor alike. Many an eastern college patronized by rich men's sons is on the verge of closing because the students have gone to Europe to aid in the great work of making the old world safe for all mankind. Many of those going will never return. This will be a loss sad beyond imagination; but even such a tragedy will sink into insignificance beside a greater catastrophe if, while they are dying from the bullets and the atrocities of the twentieth century Huns and vandals, we who are here fail to do our part; fail to keep our schools and colleges, our universities and other schools not only as usual, but better than ever and more efficient than ever that the ideals for which we as a nation are fighting may be inculcated in the hearts and minds of the youth of our land who must because of the terrible exigencies of this war, bear the burden of citizenry at an earlier date than was expected."

BISMARCK HIGH READY TO CLEAN UP ON MANDAN

Local Warriors Confident of Victory Tomorrow with Couch Back in the Game

With Captain Lloyd Couch back in the game, with his new suits received today, in the nick of time, and with promise of ideal football weather for tomorrow, the Bismarck high is prepared to clean up on its ancient rivals, the Mandan high, on the capital field at 4 o'clock Thursday afternoon.

The local high school eleven has been going in for some intensive practice since its last game in Mandan, when it defeated the Morton county seaters 21 to 0. The capital city squad has improved remarkably during the week, and word comes from Mandan that its team has been strengthened to a great extent. The battle tomorrow probably will be the best ever witnessed on a Bismarck grid. Coaches and athletic directors from all over the state are here to see it, and their presence will spur on the contenders. Bismarck has promised that the first baptism of fire given its new togs will be a glorious one.

THOUSAND DROWNED BY RAINS IN AFRICA

London, Oct. 31.—Four months' abnormal rain in Natal, South Africa, culminated Saturday and Sunday in a storm in which more than eight inches of rain fell in 24 hours, as a result of which widespread destruction is reported, says a Reuter's dispatch received today from Durban, Natal.

According to a Central News Dispatch from Johannesburg the number of British Indian natives drowned is believed to have reached 1,000.

The Umgeni river, deeply swollen by the storm, swept suddenly down the Durban, submerging the thickly

Safeguards Health of The Children
Constipation, or insecting of the bowels, is a great menace to health. Cathartics or purgatives should never be given to children as the violence of their action tends to upset the entire digestive system. A mild laxative is far preferable, and the combination of simple laxative herbs with sugar known as Dr. Caldwell's Syrup Pepsin, and sold in drug stores for fifty cents a bottle, is highly recommended. This preparation contains no opium, narcotic, or habit-forming drug of any description, is mild and gentle in its action, and brings relief in an easy, natural manner. Its pleasant taste appeals to children and they take it readily.
Thousands of mothers have testified to the merit of Dr. Caldwell's Syrup Pepsin, and in countless homes it is the standard family remedy. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 436 Washington St., Monticello, Illinois.
